CP 101

Coronavirus COVID-19

Who is most at risk?

- People over 60
- People with long term medical conditions like heart disease, lung disease, diabetes and cancer

Please take extra care if this affects you or someone you know.

If you have symptoms, self-isolate to protect others and phone your GP. Visit [hse.ie](https://www.hse.ie) for updated factual information and advice or call 1850 24 1850.

Protection from coronavirus. It's in our hands.

CP 102

Coronavirus COVID-19

Know the signs

- High Temperature
- Shortness of Breath
- Breathing Difficulties
- Cough

For 8 out of 10 people, rest and over the counter medication can help you feel better.

If you have symptoms, self-isolate to protect others and phone your GP. Visit [hse.ie](https://www.hse.ie) for updated factual information and advice or call 1850 24 1850.

Protection from coronavirus. It's in our hands.

CP 103

Coronavirus COVID-19

Help prevent coronavirus

- Wash your hands
- Cover mouth if coughing or sneezing
- Avoid touching your face
- Keep surfaces clean
- Stop shaking hands and hugging
- Keep a safe distance

The virus spreads in sneeze and cough droplets, so regularly taking the above measures helps reduce the chance of it spreading.

Visit [HSE.ie](https://www.hse.ie) for updated factual information and advice or call 1850 24 1850

Protection from coronavirus. It's in our hands.

CP 104 (Only available as a square)

Social Distancing
Keep at least 2 metres (6 feet) from one another

WORK TOGETHER STAY APART

Visit [HSE.ie](https://www.hse.ie) for updated factual information and advice or call 1850 24 1850

CP 105

Coronavirus COVID-19

To slow the spread of coronavirus, vulnerable people are being asked to cocoon
For people most at risk, we are giving special advice called cocooning.

Who should cocoon?

- People over 60
- People with long term medical conditions like heart disease, lung disease, diabetes and cancer

What does cocooning mean?

- People over 60 and people with long term medical conditions should stay at home as much as possible.
- If you have a long term medical condition, you should avoid going to work, school, shopping, or other places where you might come into contact with other people.
- If you have a long term medical condition, you should avoid going to work, school, shopping, or other places where you might come into contact with other people.

Don't

- Go to work or school
- Go to shopping or other places where you might come into contact with other people

If you live with a person who needs to be cocooned, you should also stay at home as much as possible.

Protection from coronavirus. It's in our hands.

CP 106

Coronavirus COVID-19

Everyone stay at home. Everyone has the power to stop COVID-19.

Stay at home in all circumstances. EXCEPT:

- To shop for essential food and household goods
- To attend medical appointments and collect medicines
- For what family reasons including caring for children, adult or vulnerable people or someone who is recovering from illness including local family care
- To take exercise within 20m of your home. You may include children from your household but MUST adhere to the physical distancing from other people

Counting has been introduced for those over 70 years and those who are seriously medically vulnerable to COVID-19. You can find out more about this [link](https://www.hse.ie).

Remember you cannot accept a gathering with anybody you do not live with.

If you have symptoms, self-isolate to protect others and phone your GP.

For information and advice visit [hse.ie](https://www.hse.ie) or phone 1850 24 1850

For Daily Updates Visit www.hse.ie
